Hemorrhoids 2 Day:

A pharmacist designed rectal suppository enables the same drugs traditionally used to relieve hemorrhoids in 10 days, more or less, to be more effective in 48 hours, guaranteed. The same suppository design with different drugs is used for fissures.

-Internal/External Rectal Suppos, *IJPC*, May/June 07.

I'm not stubborn, my way is just better.

It Helps, Make it Illegal:

Biochemists are fascinated by *Salvia Divinorum*, a sage-like plant that gives potent visions. "Sally D" mimics an opiate-like brain chemical, dynorphin, which blocks pain signals. It may modulate the onset of schizophrenia and dementia, and counteract cocaine addiction. Mazatecs used it in ceremonies, and to treat stomach ailments and rheumatism. US drug companies are trying to have it banned. -*WSJ*

If cannabis (marijuana) were handled like other drugs such as alcohol and tobacco, who would finance crime and terrorism?

Migraine Case Report:

Forty-year-old woman presented with recurrent migraines. Zolmitriptan (Zolmig) with propoxyphene/apap (Darvocet) and ergotamine tartrate/ caffeine suppositories (Cafergot) were ineffective or caused unpleasant side effects. An estrogen patch reduced premenopausal symptoms.

Patient then tried ketoprofen/riboflavin/ caffeine capsules at onset of HA. Four of 5 were relieved by one capsule, the 5th by a second capsule. Low dose transdermal natural progesterone twice a day was added to her treatment. Patient reported only two headaches within the next 3 months, 2 relieved by the first capsule. -*IJPC*, May/June 07.

I use tooth paste regularly, why do my teeth fall out?

Some Symptoms of Yeast Overgrowth:

Fatigue, poor memory (spacey) sleep disturbances, anxiety, mood swings, aches & pains, alcohol intolerance, itching.
